Programming Phone Lock Key & Lock/Unlock Phone Instructions
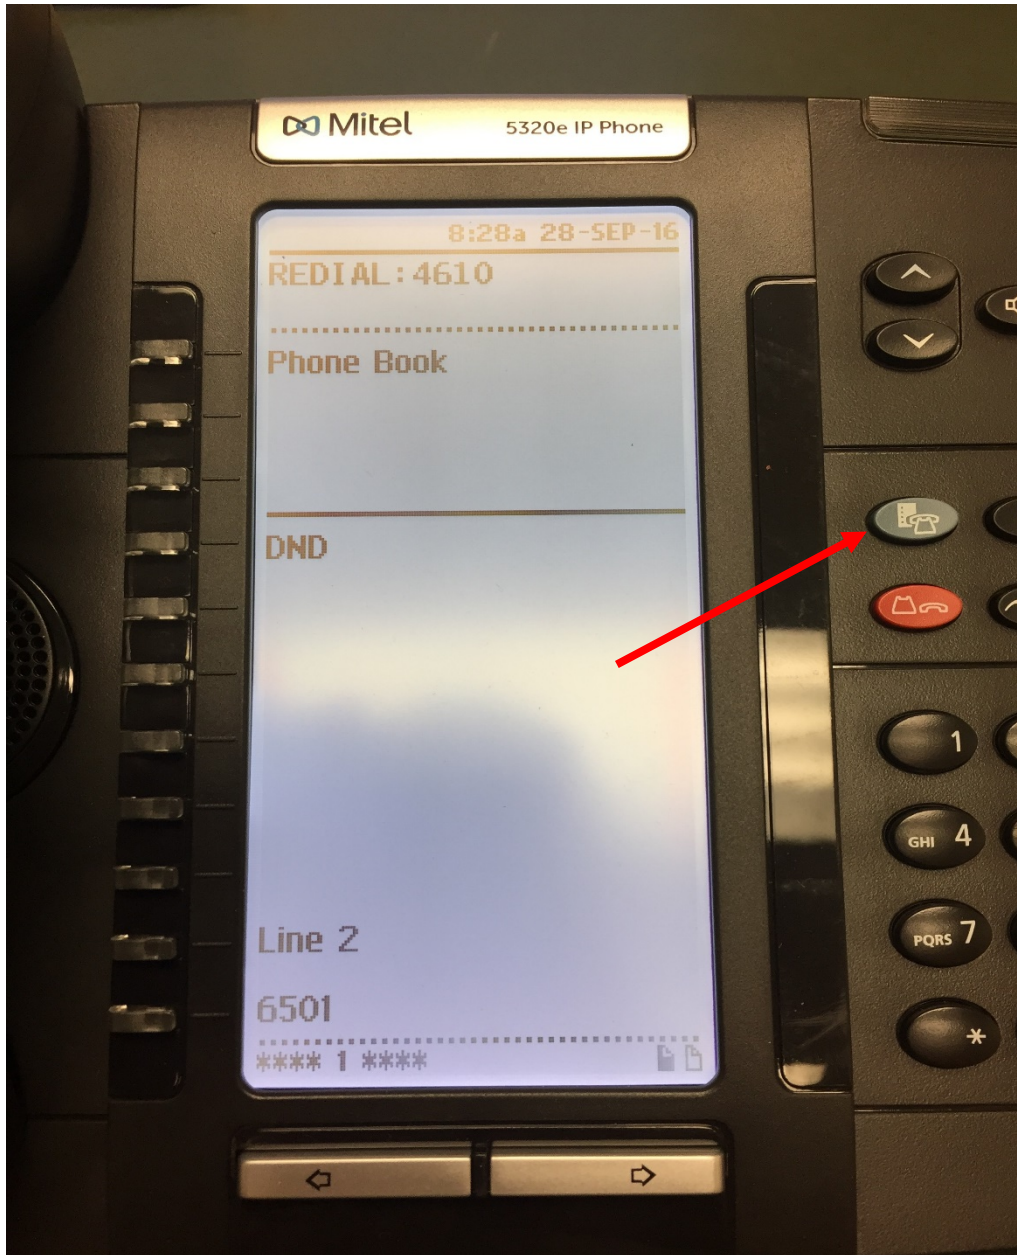

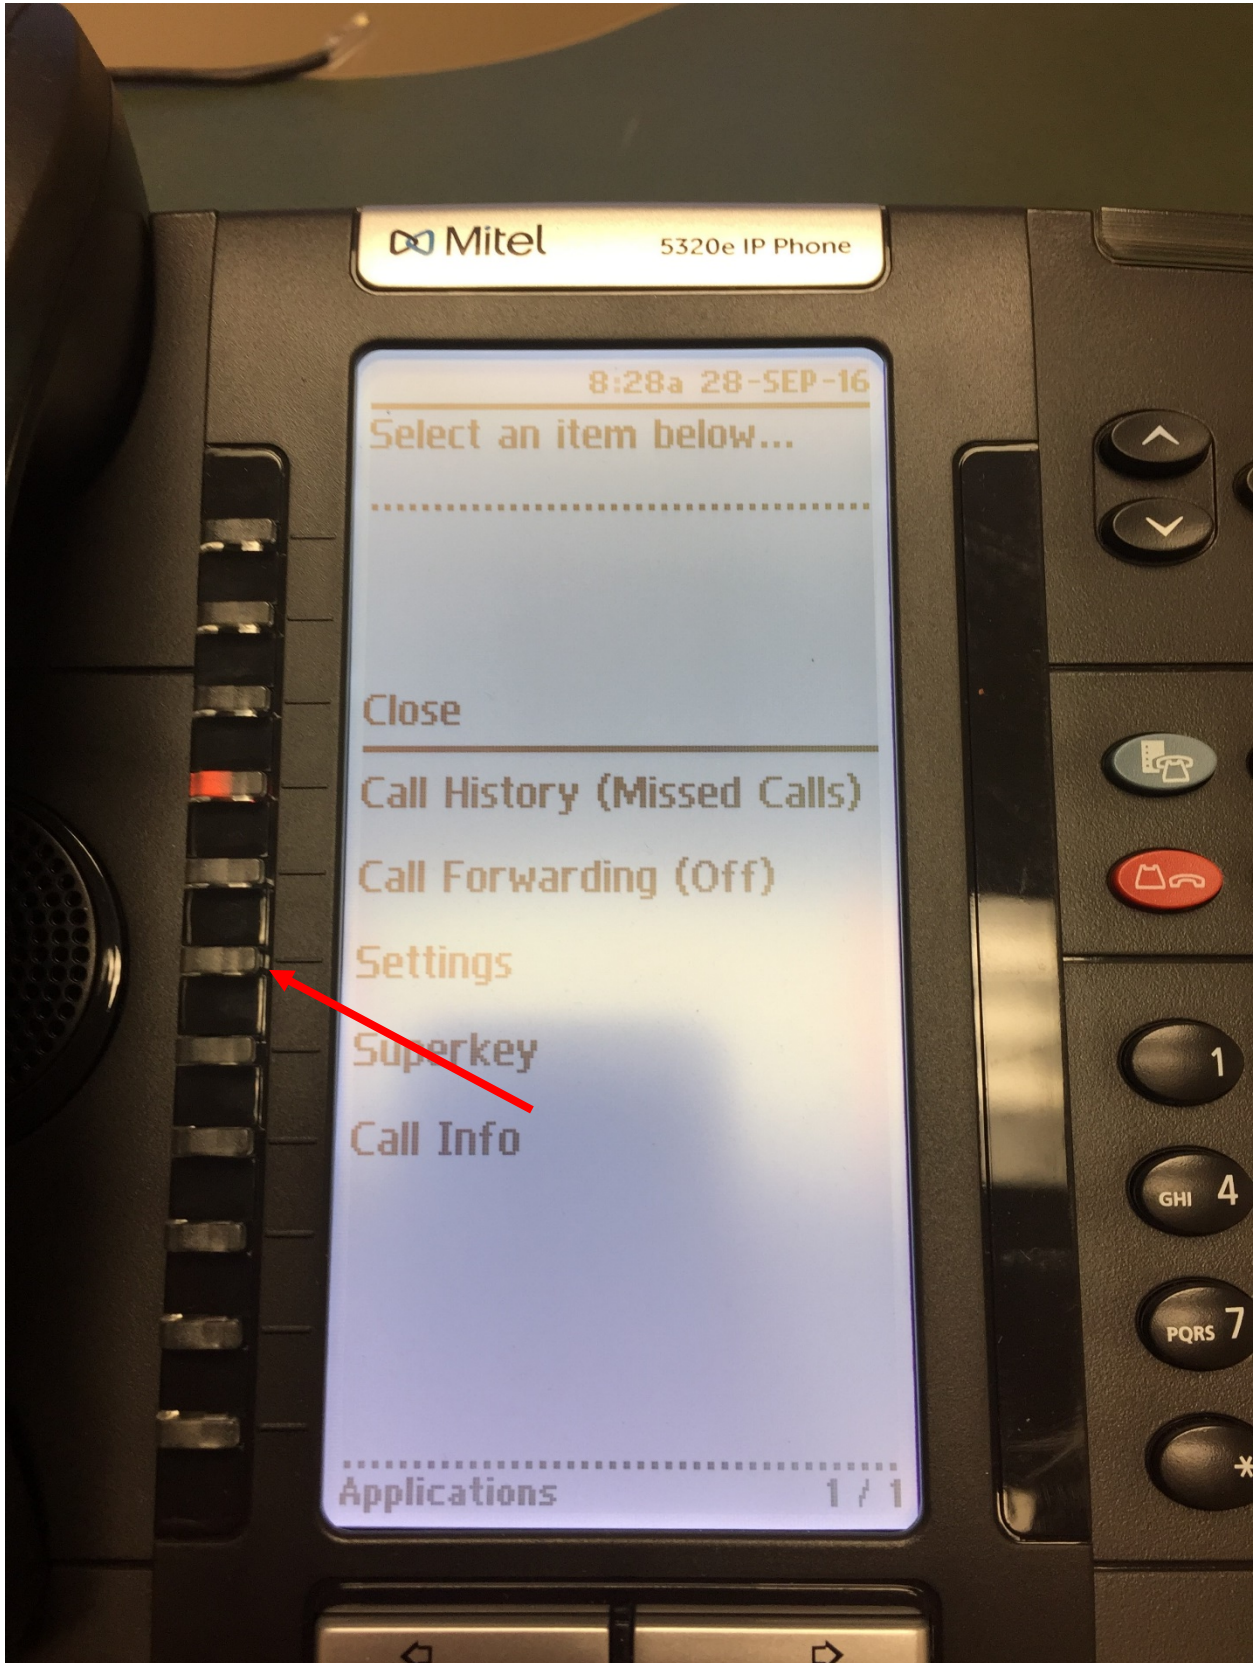

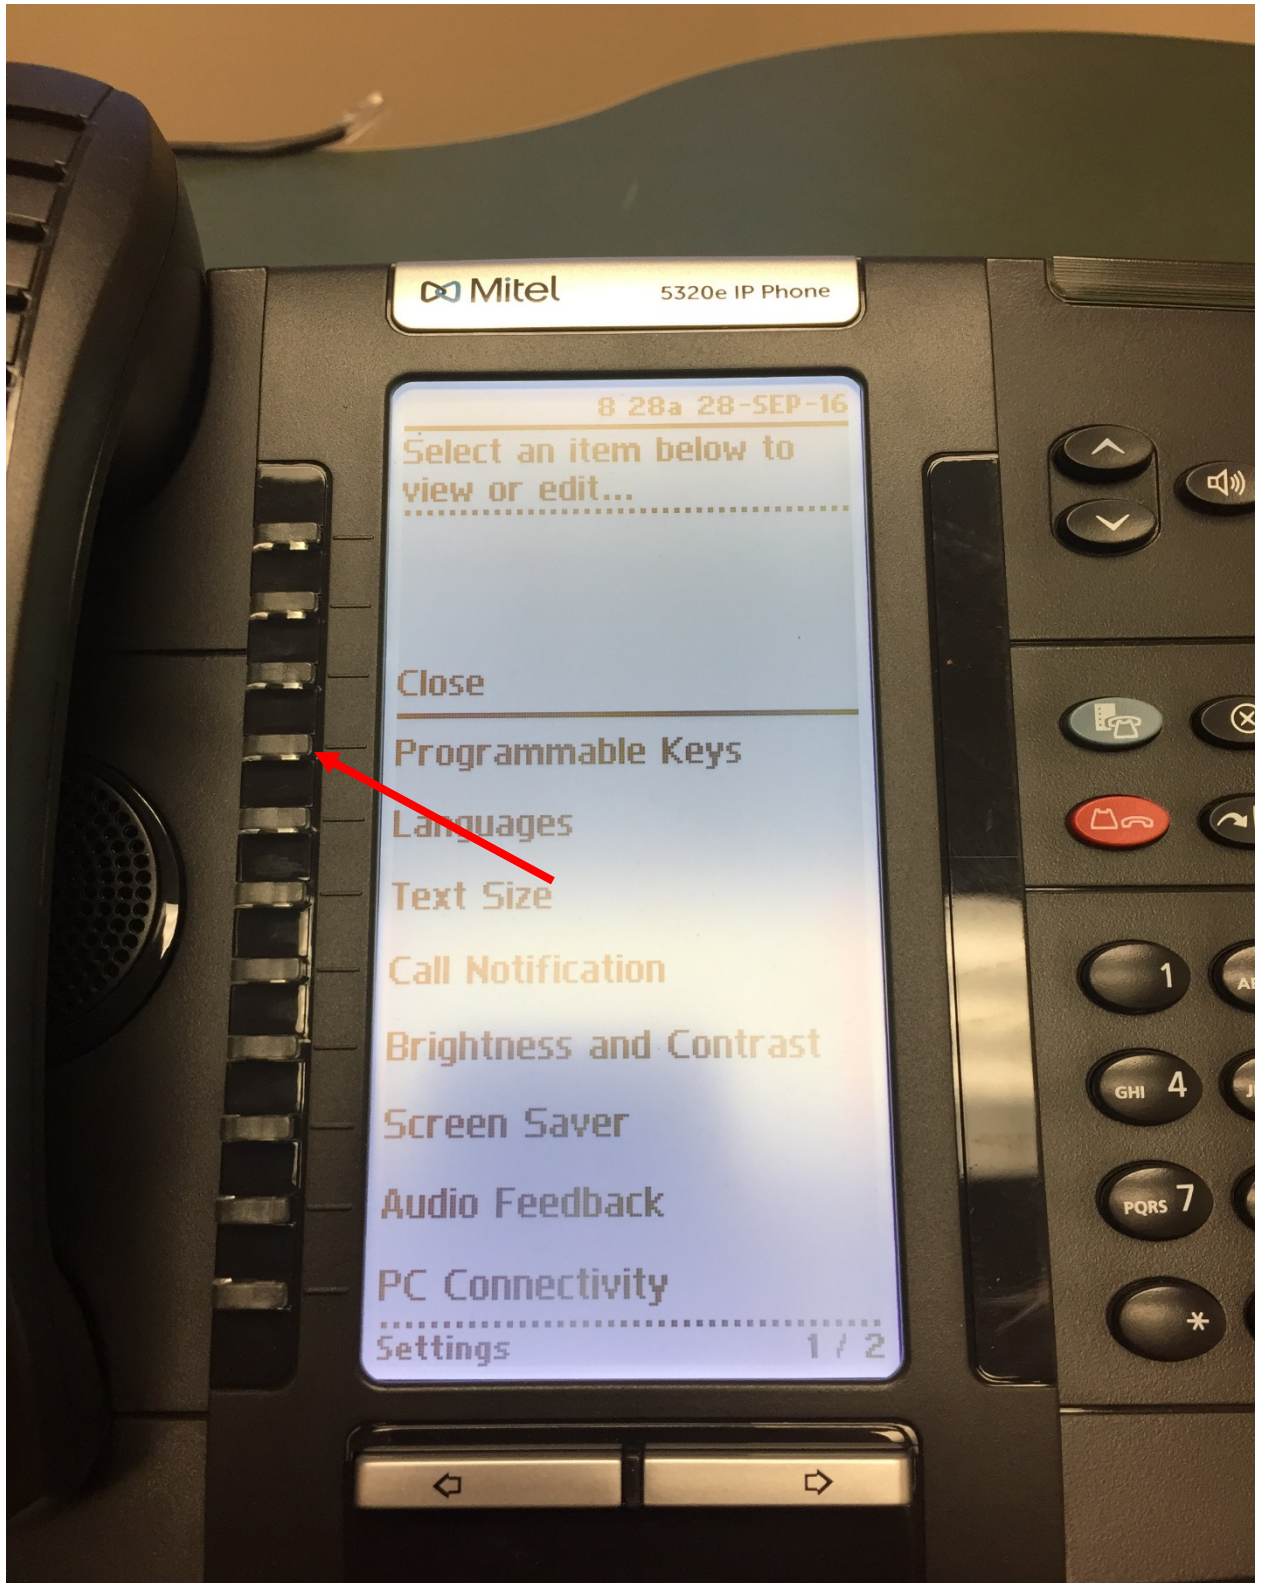

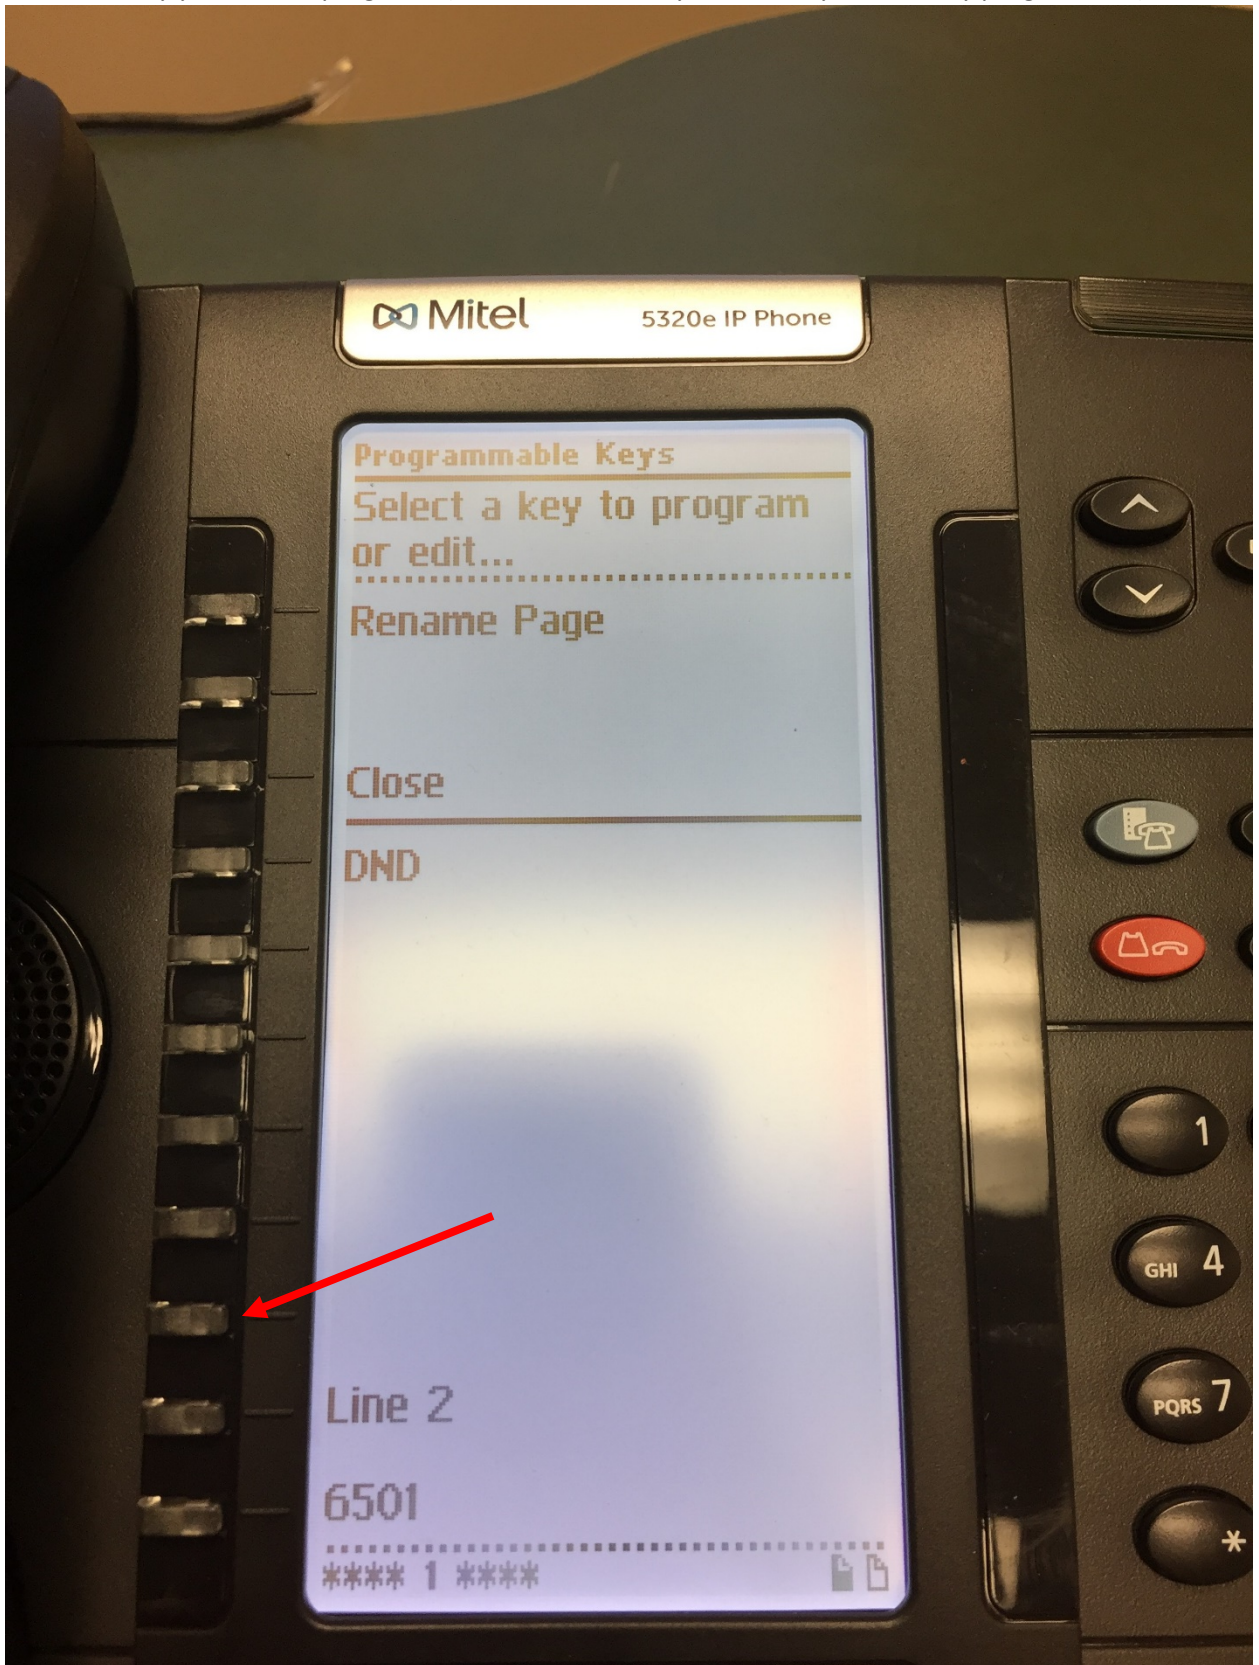

1. Press the blue Menu button.

2. Select Settings.
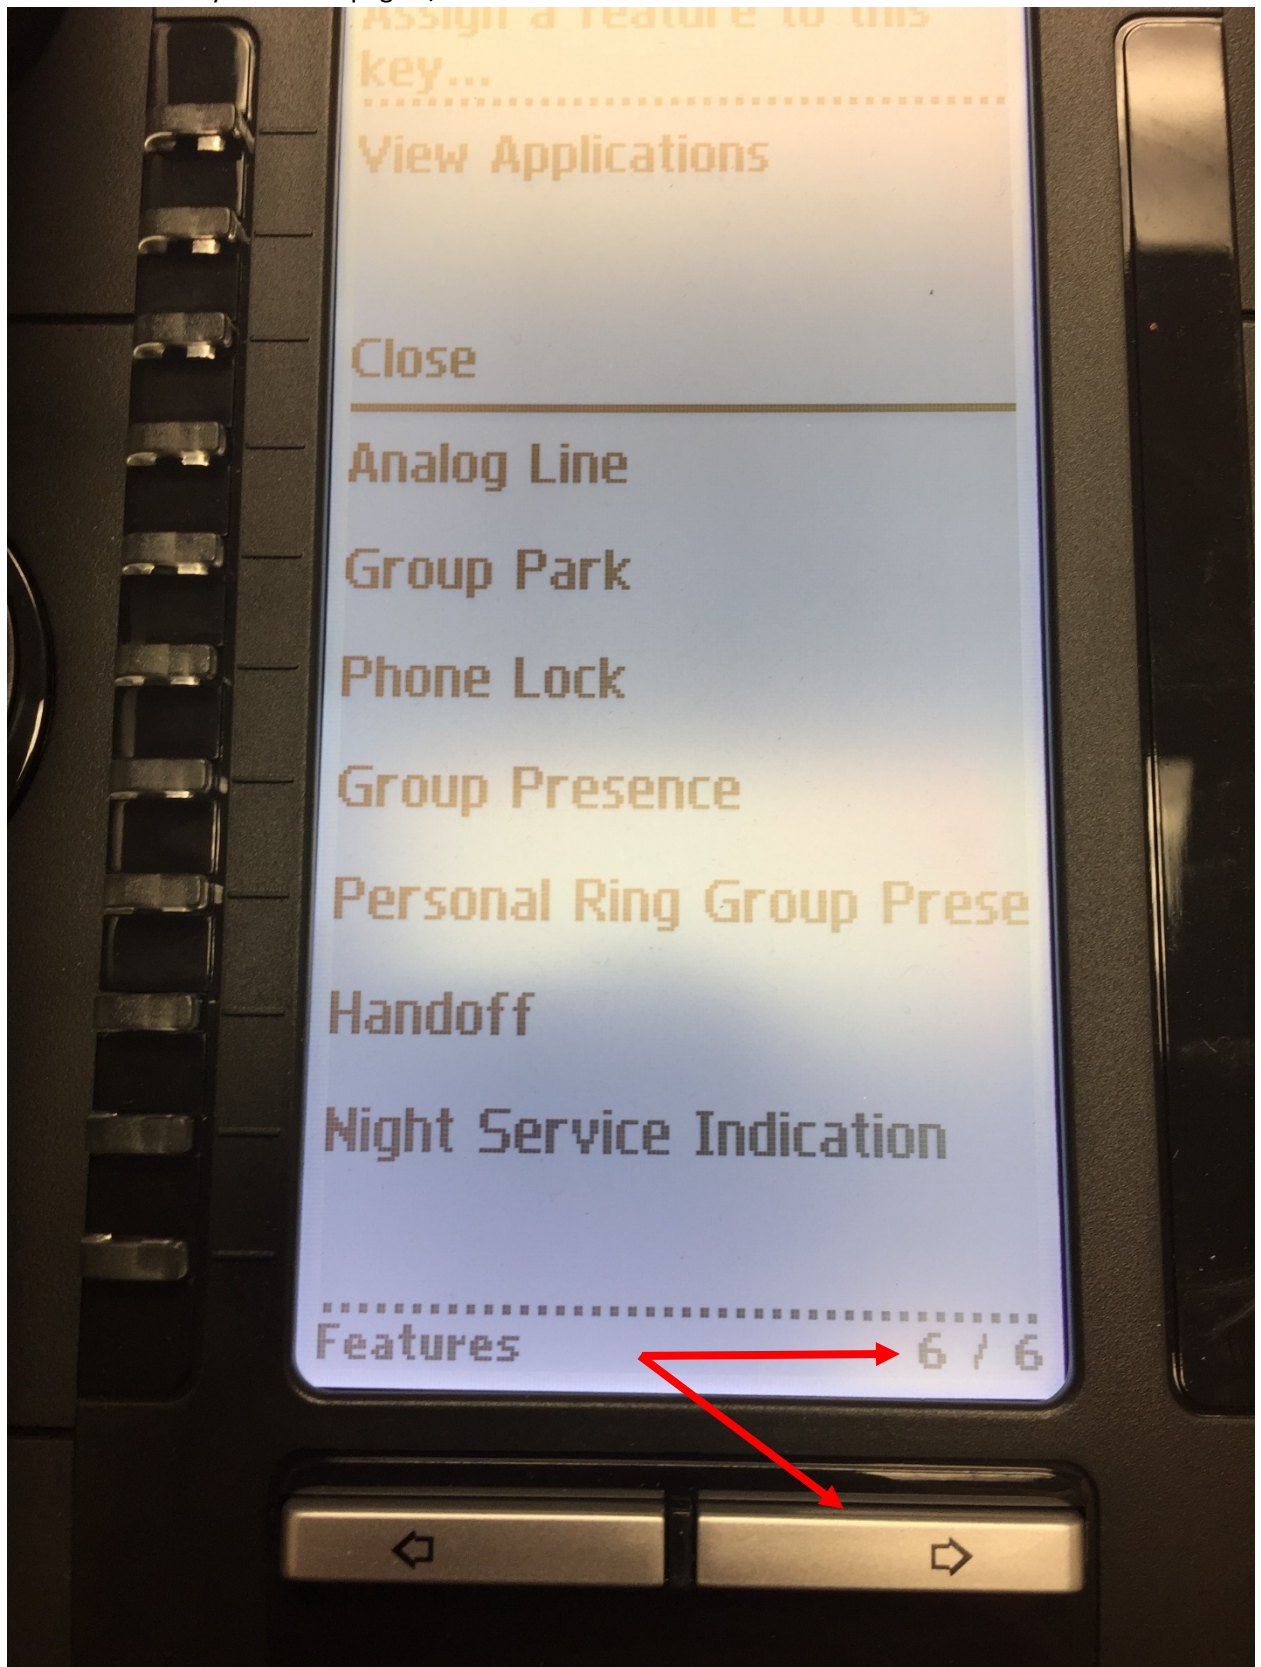

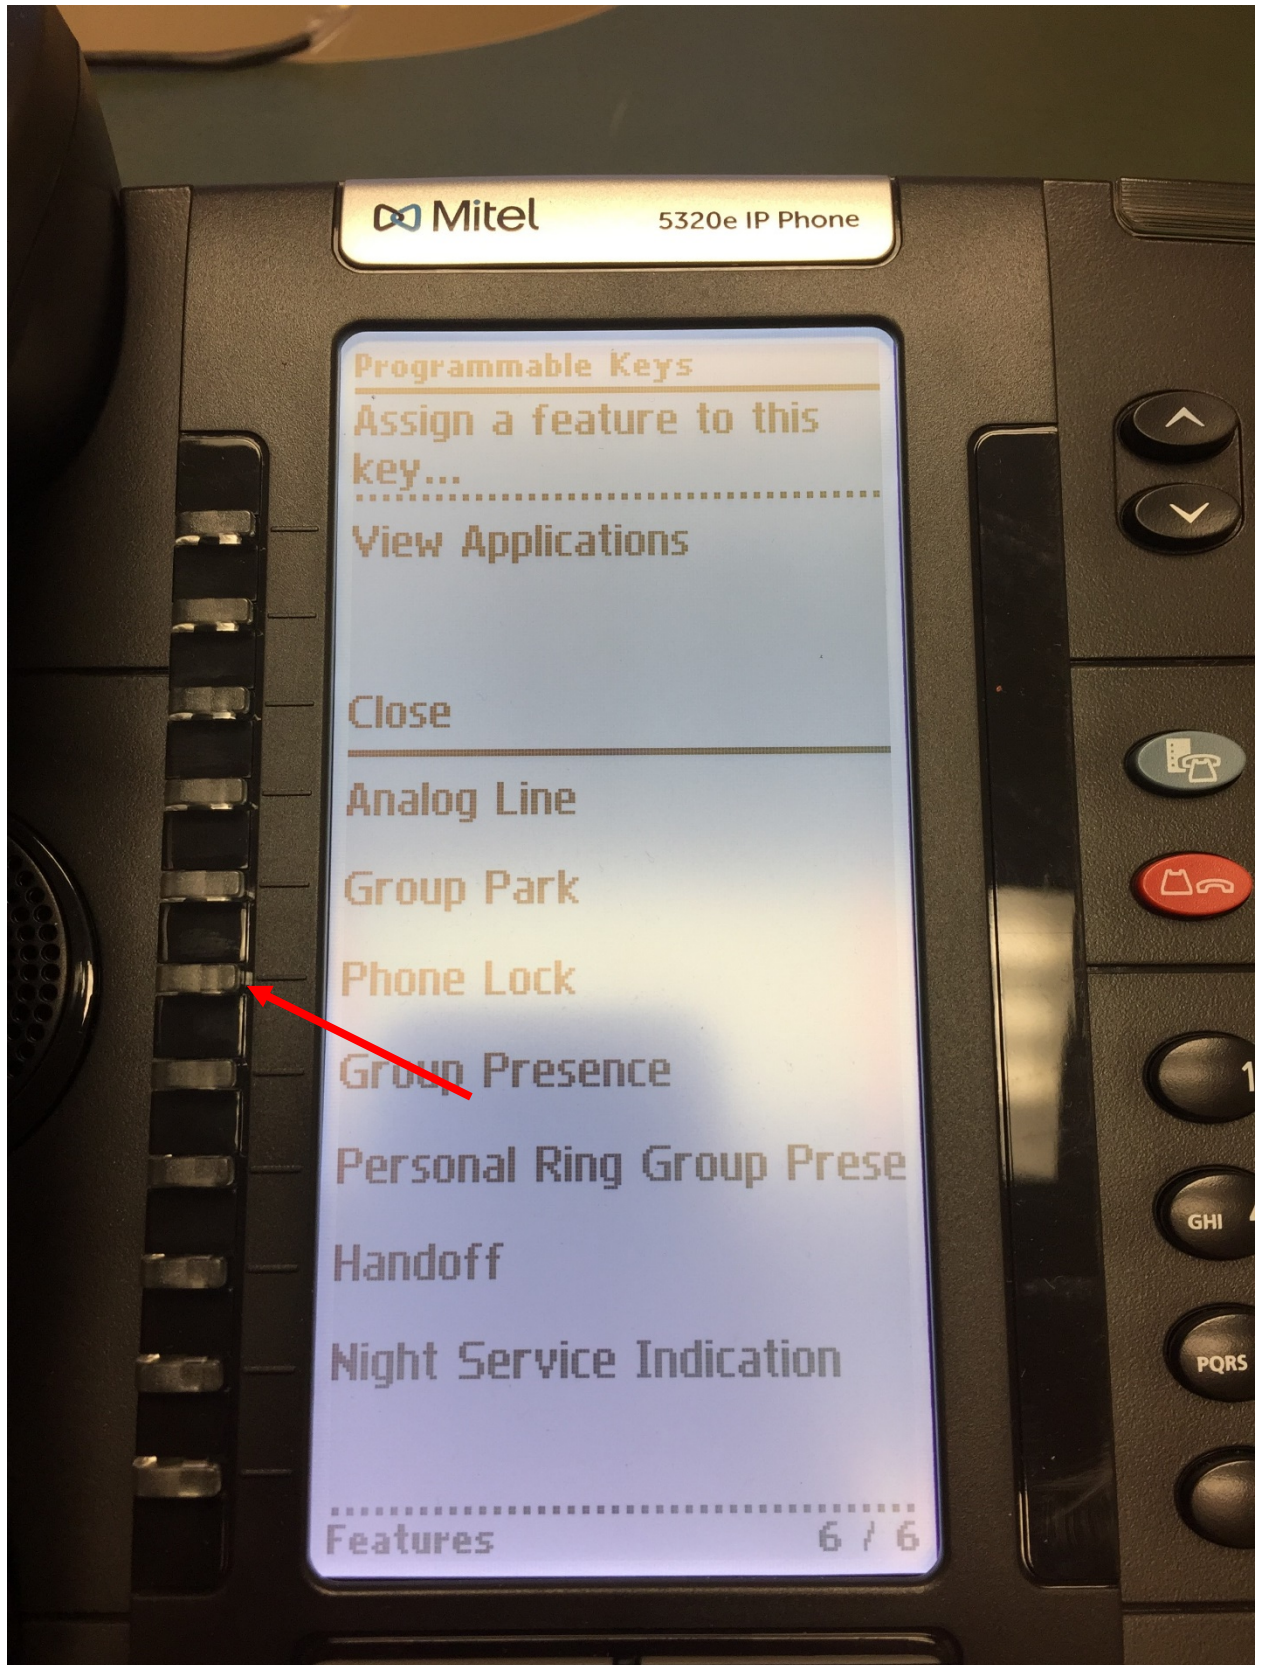

3. Select Programmable Keys.

4. Select the key you wish to program. (You can choose any "blank" key not already programmed)
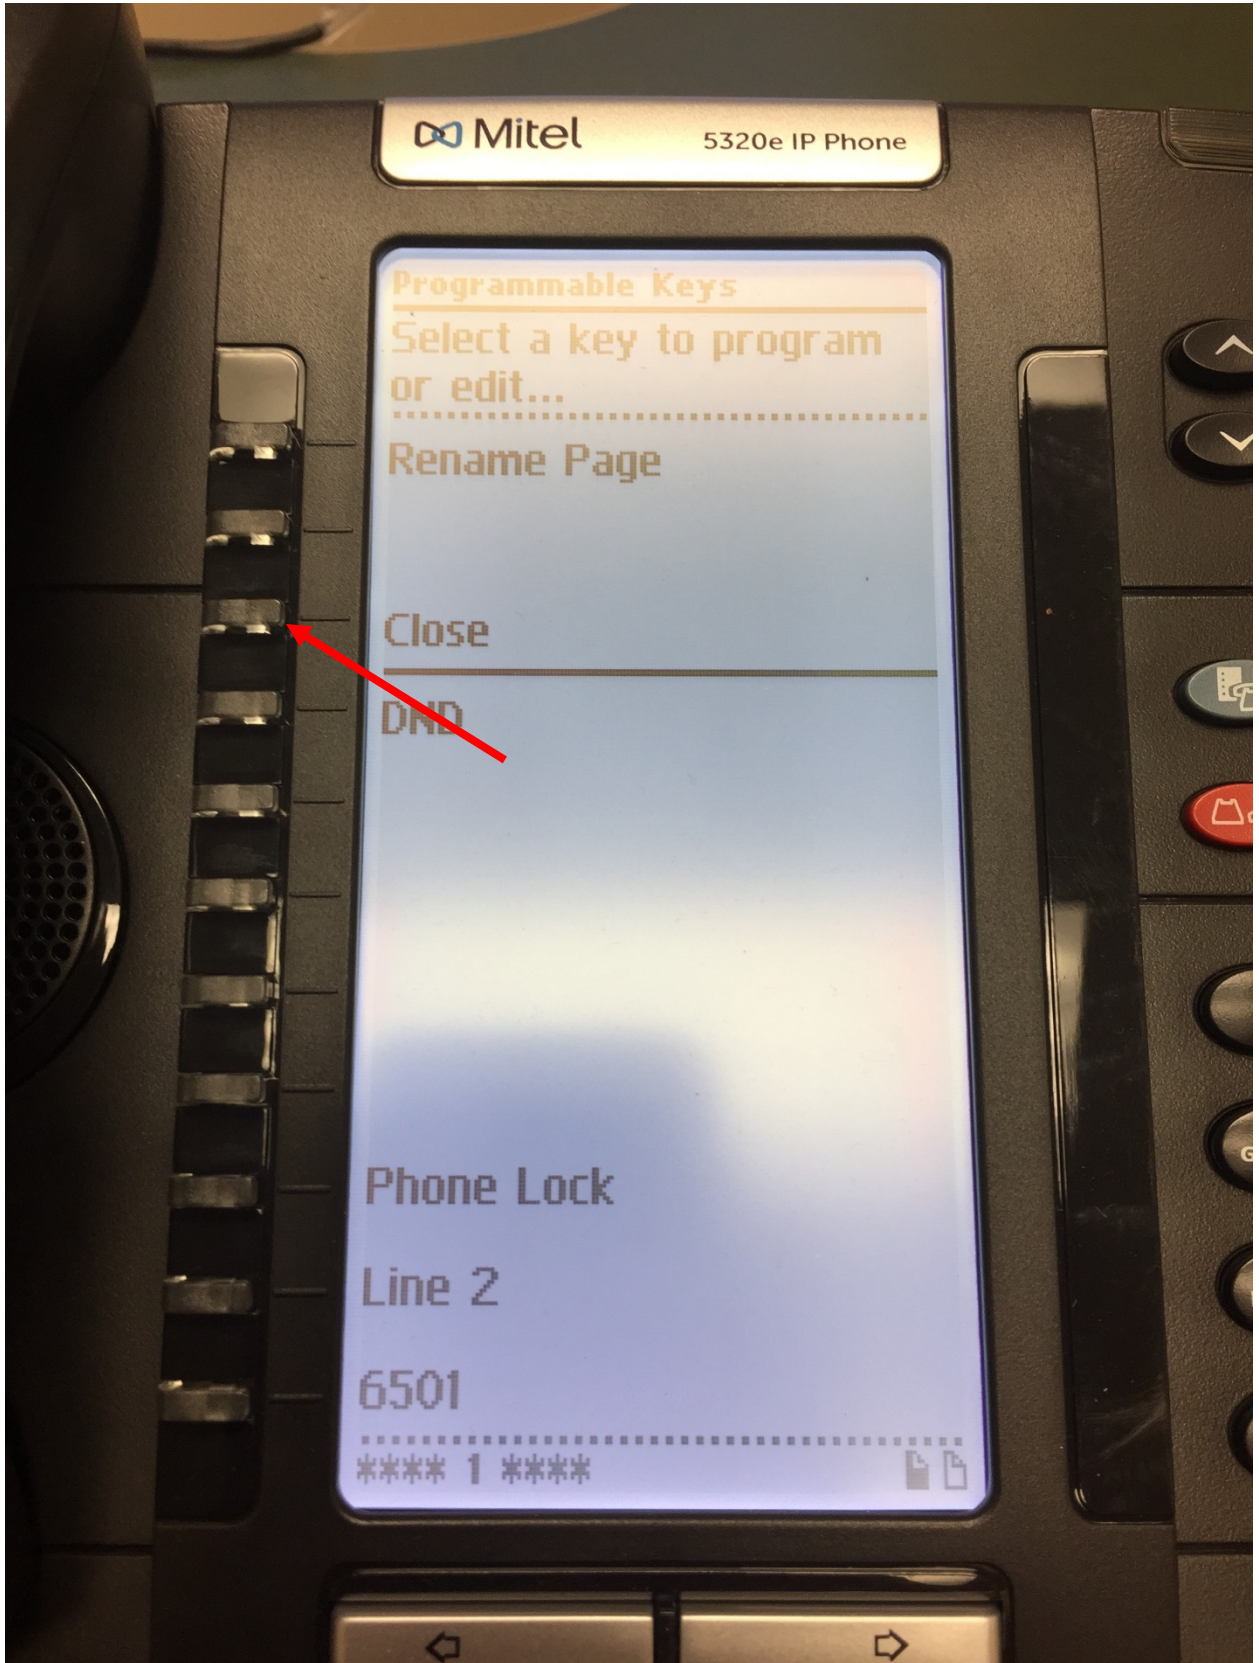

5. Use the arrow keys to select page 6/6.

6. Select Phone Lock.

7. Select Save.
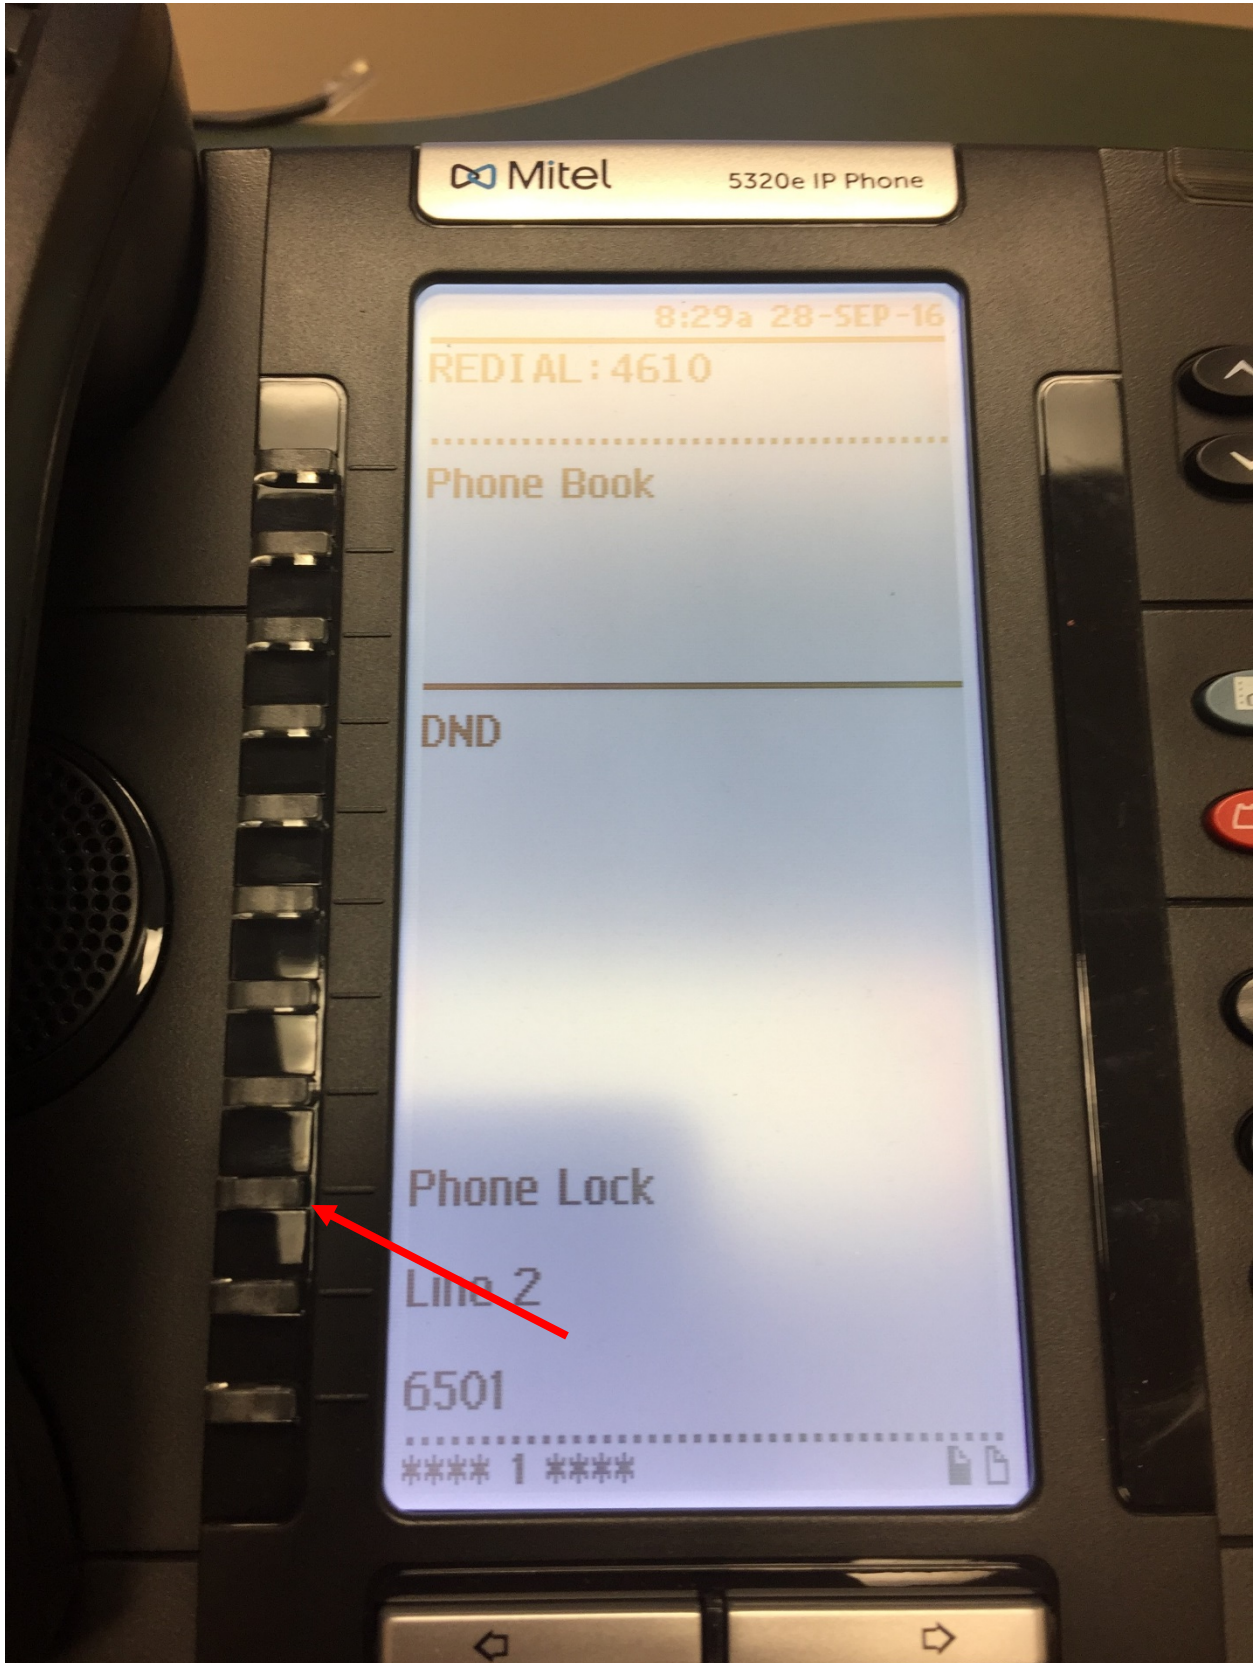

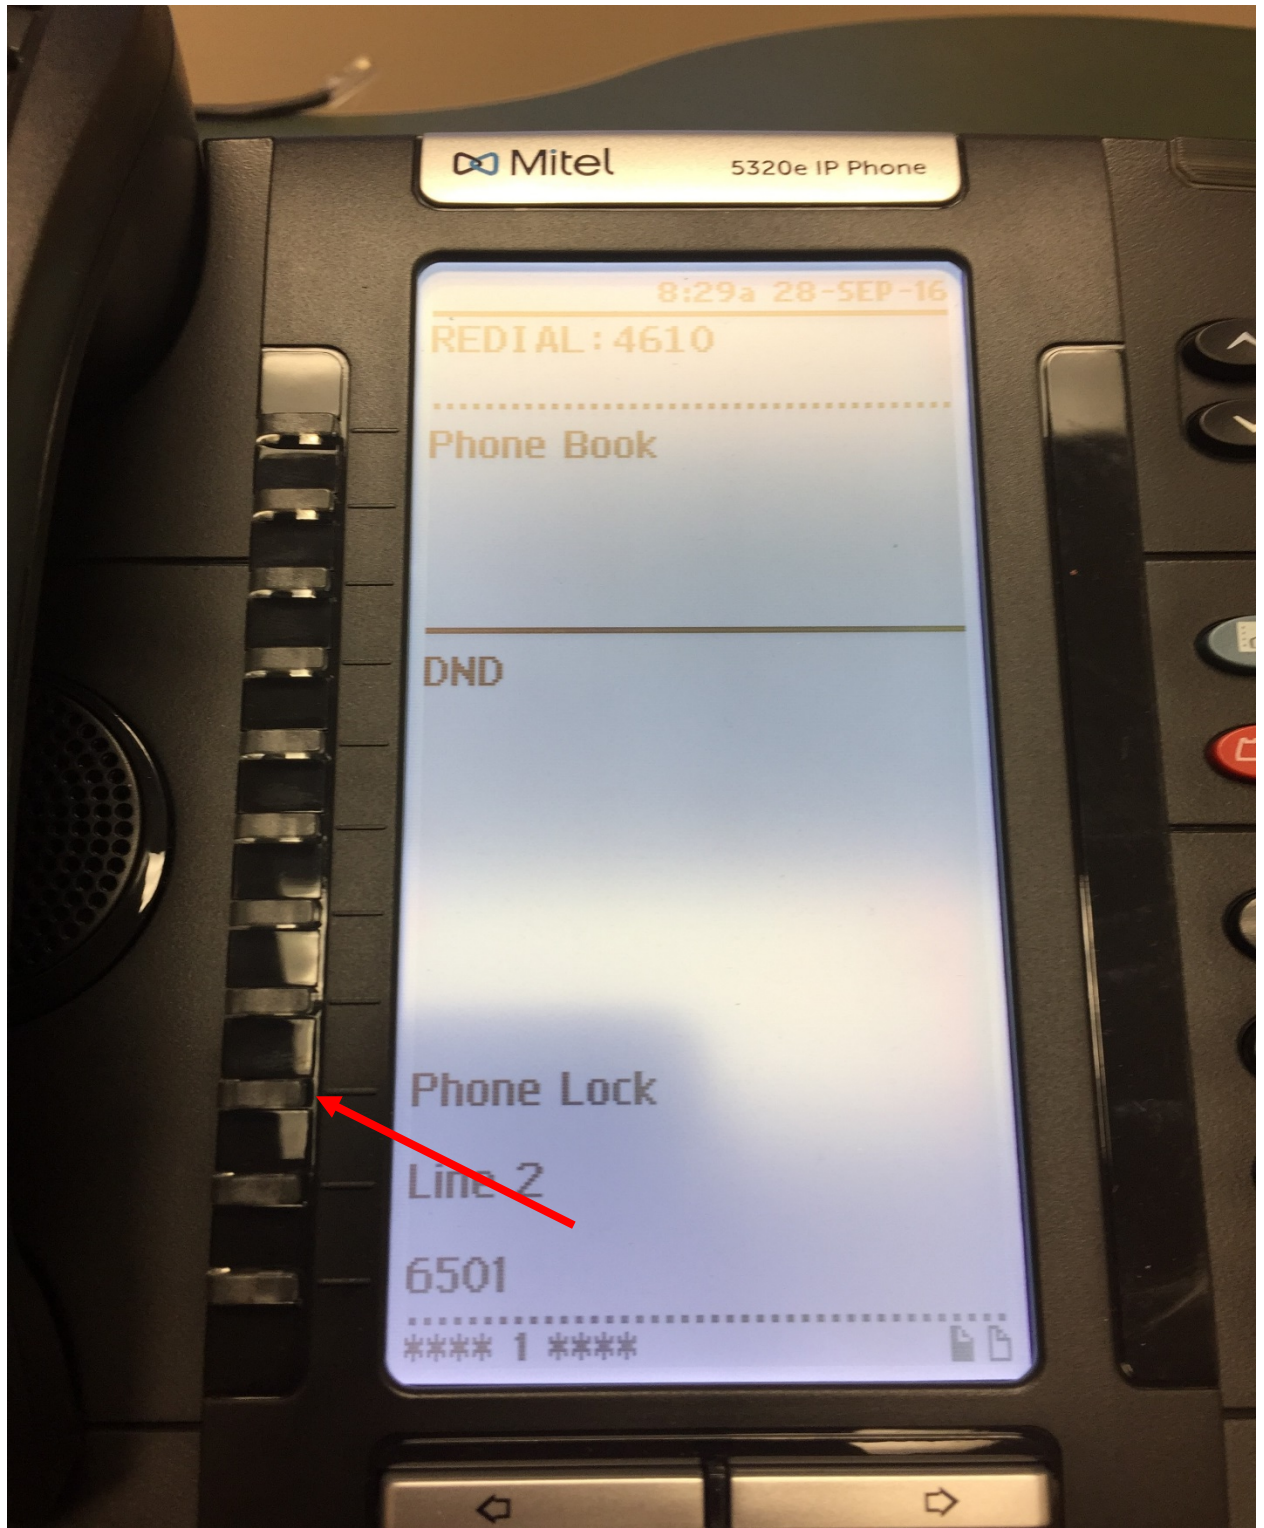

8. Select Close.

9. Select Close.

10. Your phone should now display a Phone Lock programmed button.

How To Lock Your Phone
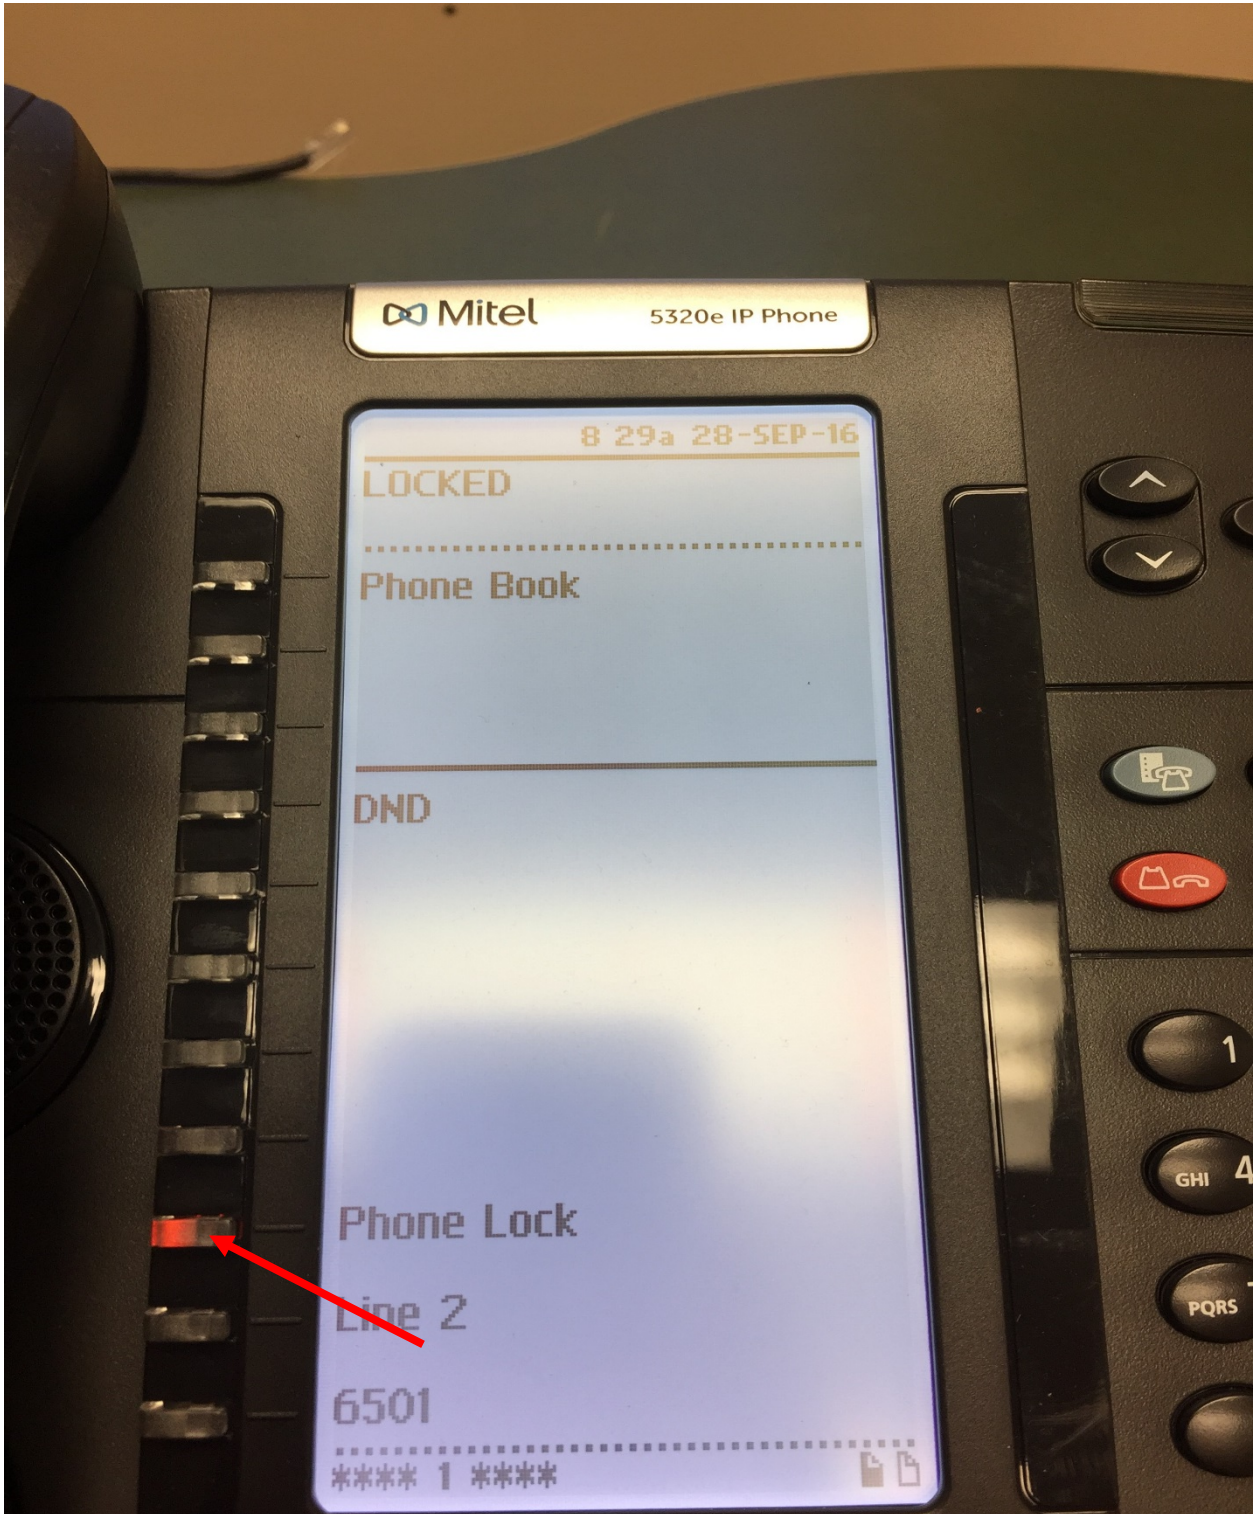

1. Press the previously programmed Phone Lock button.

2. Your phone should now display LOCKED at the top of the screen and the Phone Lock button should be illuminated. All phone features are now LOCKED with the exception of Emergency Calls (911).

# How To Unlock Your Phone

1. Press the illuminated Phone Lock button.

2. Enter your PIN using the keypad. (This is the same PIN you use for voicemail)

3. Select OK.

4. The normal home screen should be displayed with all features of the phone now accessible.
