

Graduate Online Courses Spring 2023

Online classes offer an alternative to students who have special scheduling needs. These classes offer the same credit as traditional on-campus classes. Classes may not be accessible until the first day of the semester.

Classes may, at the discretion of the instructor, require an off-campus proctor service. Students may be required to use a third-party service to verify the student's identity for off-campus proctoring purposes, and to minimize the risk of academic dishonesty on course assignments. If instructors require the use of third party services, the student will incur additional charges to pay for the service.

For more information, please visit the departmental website, contact the department, or instructor.
