Consideration of the Council of Academic Deans request to grant blanket approval for departments to make this edit in the catalog: Example: A minor, second major, or second degree is required for this major. As UNA has developed specialized degree types (BIS, BSW, BSED, etc.), an unintended issue has been created with students pursuing multiple majors across degree types. Solution: For all degrees that require a minor or second major, add language to the undergraduate catalog that allows a second degree to fulfill this requirement; and language related to concurrent degrees should be added to the undergraduate catalog pages 65 and 67.

After discussion of what programs this might affect, Martha Rock moved approval and Craig Robertson seconded the motion. The motion was approved unanimously.
