Notes on I-20 Extension

- Processing may take as long as five (5) business days during busy times.
- Incomplete forms will delay processing.

Code of Federal Regulations 214.2(f)(7) Extension of stay

(i) General. An F-1 student who is admitted for duration of status is not required to apply for extension of stay as long as the student is maintaining status and making normal progress toward completion of his or her educational objective. An F-1 student who is currently maintaining status and making normal progress toward completing his or her educational objective, but who is unable to complete his or her course of study by the program end date on the Form I-20, must apply prior to the program end date for a program extension pursuant to paragraph (f)(7)(iii) of this section.

(iii) Program extension for students in lawful status. An F-1 student who is unable to meet the program completion date on the Form I-20 may be granted an extension by the DSO if the DSO certifies that the student has continually maintained status and that the delays are caused by compelling academic or medical reasons, such as changes of major or research topics, unexpected research problems, or documented illnesses. Delays caused by academic probation or suspension are not acceptable reasons for program extensions. A DSO may not grant an extension if the student did not apply for an extension until after the program end date noted on the Form I-20. An F-1 student who is unable to complete the educational program within the time listed on Form I-20 and who is ineligible for program extension pursuant to this paragraph (f)(7) is considered out of status. If eligible, the student may apply for reinstatement under the provisions of paragraph (f)(16) of this section.
