 University of
NORTH ALABAMA

Welcome to the UNA Wireless Network

To set up network and Internet access, please choose your user type and login.

Employee/Student

Employees/Students with valid credentials will be moved to a secure wireless network and will receive full network access. In order to properly and securely access all necessary resources, all employees and students needing wireless access should utilize this network.

New Guest

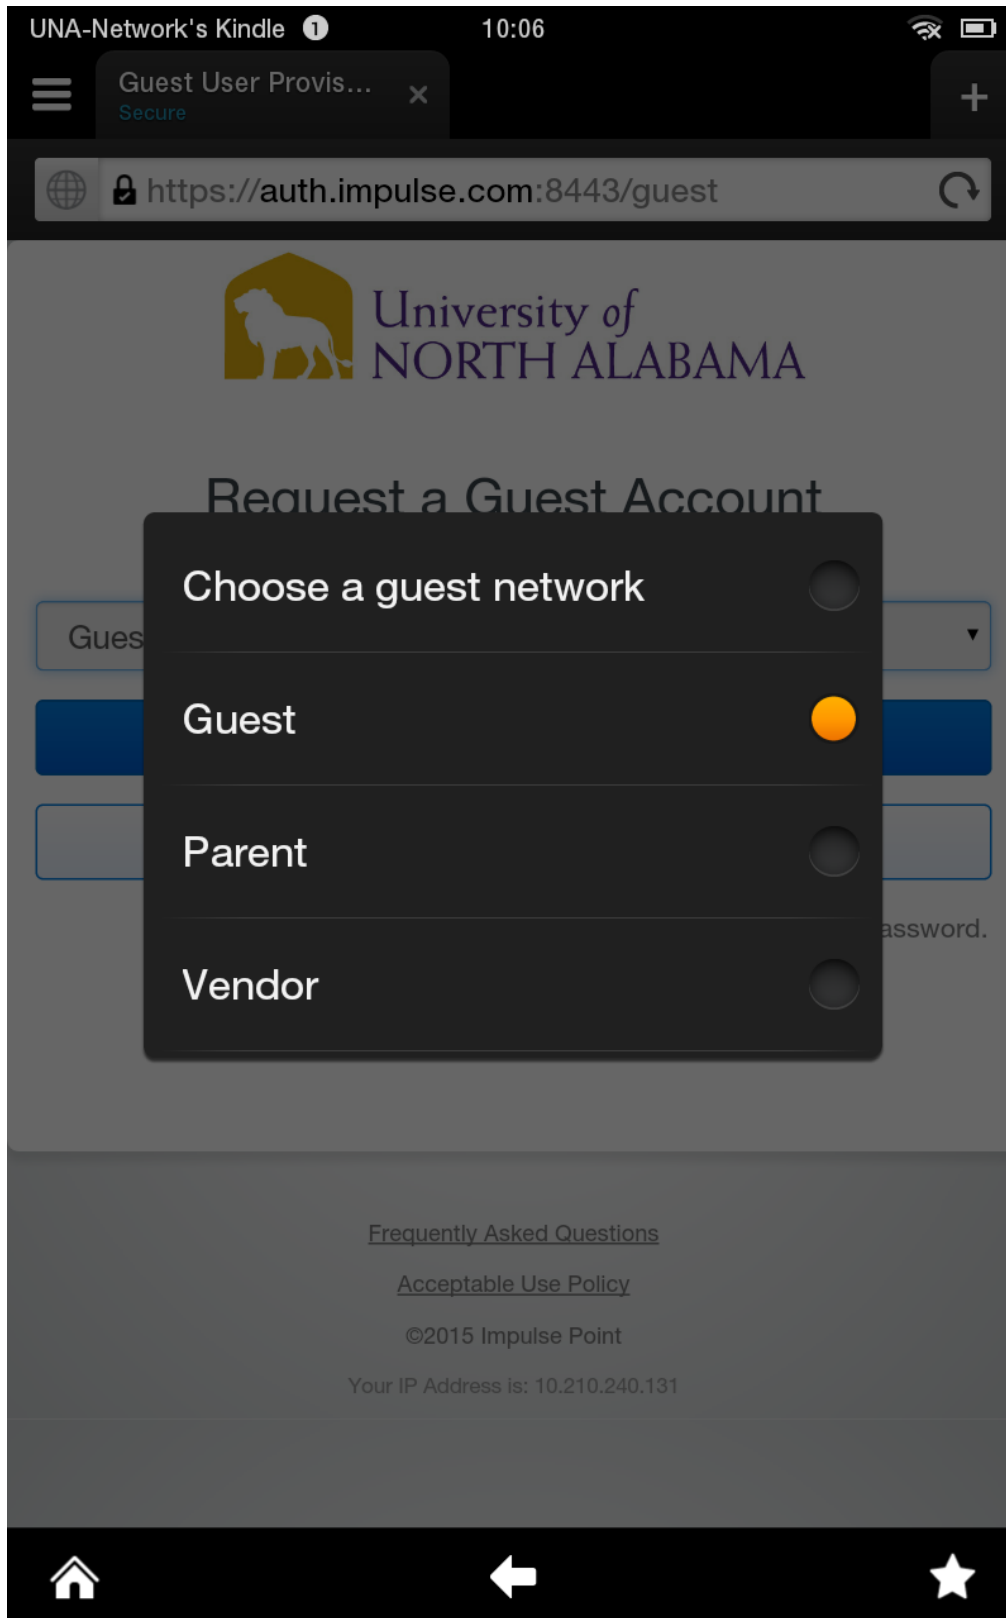

Guests will receive restricted Internet-only network access as some on campus resources will not be available from the guest wireless network. Also, the guest network's speeds are limited in order to accommodate the main campus network and the broadest number of possible users.

Returning Guest

Login to your existing guest account or request your password to be resent.

Home, Back, Forward, Refresh, Menu, Search, Star

3. Tap the drop-down menu and select the type of guest and click **Continue**.

4. Fill out the required information and select **Continue**.

Request a Guest Account

Complete this form and then click "Continue".

Reason for Access (Required)

Email Address (Required)
