

Alabama Statewide High School Mathematics Contest Answer Sheet Instructions

Your answer sheets will be scored by a scanning machine, and the scores will be compiled using your assigned STUDENT NUMBER. If there are errors in the information that you enter on this sheet, then your score may not be correctly computed, your score may not be correctly associated with your name or your school's team, and your score may not be properly reported to you and your team sponsor. Please pay close attention to the following instructions.

1. Print your SCHOOL name and the NAME OF TEST you are taking in the box at top left of the Answer Sheet IN ALL CAPS. (You may ignore Date and Grade boxes.) PRINT your name **as you want it to appear on a certificate** above your school name on the Answer Sheet.

Your Name Here at Top ~>

School Name Here ~>

ANSWER SHEET

SCHOOL OR ORGANIZATION	NAME OF TEST
DATE OF TEST MONTH DAY YEAR	GRADE AND SECTION

Test Names are as follows:

Algebra II-Trig

Geometry

Comprehensive.

2. You have been assigned a STUDENT NUMBER which your coach has communicated to you. Print it and bubble completely the numbers in the SPACES FOR STUDENT NO. on the right of the answer sheet If the machine can't read it, we can't correctly report your scores!

3. In the NAME BOX on the right of the Answer Sheet, print your name, last name first, and your initials (up to 2). Then completely bubble in the letters to the left (for the machine to read).

4. Official answer sheets will be distributed at the site. (A reference copy of the Answer Sheet may be found on the website where you found these instructions.)
5. You will NOT use any answer numbered above 50.
