Points are given for Reading Comprehension, Vocabulary, Critical Thinking, and A & P for a maximum total of 12 points.

3. Hours completed at UNA: (does not include currently enrolled hours)
   - 27+ = 1 point
   - 12-126 = .5 point
   - ≤ 11 = 0 points

4. Certifications
   - Certified CNA/LPN/LVN = 1 point

   To receive a point a copy of the current certification must be submitted with the application.

Applicants should consider the following policies of the ACONHP as stated in the current University Catalog:

- The ACONHP retains the right to make modifications in its program/policies as deemed necessary by its faculty based on recommendation and mandates from the Alabama Board of Nursing and the Commission on Collegiate Nursing Education accreditation body. Students currently enrolled in the nursing program will be required to adhere to any modifications made during their enrollment as a nursing major.
- To progress in the professional nursing courses, students must possess a functional level of competence to perform the basic skills of a professional nurse. Skills include (but are not limited to):
  - Hearing ability (e.g., must be able to discern various health assessment sounds with a stethoscope);
  - Visual ability (e.g., must be able to read small print on medication vials);
  - Fine and gross motor skills (e.g., must possess physical stamina to perform full range of required client care activities for the duration of work role);
  - Emotional stability (e.g., must be able to assume responsibility and accountability for own actions);
  - Critical thinking (e.g., must demonstrate sound judgement regarding the provision of safe, ethical care in a variety of health care settings).

Students may be denied approval for an Alabama Board of Nursing Licensing as identified in the “Grounds for Denial” statements by the Board (Refer to: Code of Alabama, 1975, Section 34-21-25; Alabama Board of Nursing Administrative Code 610-X-8-.01 and 610-X-8-.05). www.abn.state.al.us

Following admission to the ACONHP, students must:
- Provide proof of physical examination following admission to the ACONHP.
- Present current immunization records (including Hepatitis B series).
- Demonstrate proof of AHA BLS Provider CPR 2-year certification, nursing student liability insurance, tuberculosis testing (PPD) results, and OSHA updates.
- Undergo an initial drug screen prior to beginning classes. Additional drug screenings may be required at any time while the student is in the nursing program.

This will be discussed at the incoming orientation. An administrative clinical “unsatisfactory” grade will be issued to any student who fails to submit these requirements by the due date.

The ACONHP strongly encourages students to have personal health insurance as students are responsible for health related costs incurred when clinical accidents, i.e., needle sticks, occur. Standard achievement exams are given at various intervals throughout the nursing program at the student's expense.

What to Expect After Application Submission

- Letters of acceptance or denial will be mailed to UNA mailbox or home address by March 31st.

- We plan to host an orientation meeting for the accepted and alternate students during the first week of April; however, we will let you know more official plans in the future.

- All students accepted to the nursing program will be required to provide documentation including but not limited to immunizations, BLS CPR, and drug screen from an approved site.

- UNA and the ACONHP do not require students to be vaccinated against COVID-19, nor do we require disclosure of vaccination status. However, it is important to understand that many third-party clinical sites are requiring students and faculty to be fully vaccinated. They must also present proof of their vaccination status to participate in clinical rotations. Agency requirements regarding COVID-19 are subject to change and are independent from UNA policy. Students who choose not to disclose their vaccination status will be treated as unvaccinated for the purpose of clinical site COVID-19 guidelines. This may increase PPE requirements at some sites and prevent participation at others.

Admission/Progression of Persons with Disabilities to the Anderson College of Nursing and Health Professions

Students with disabilities are considered for acceptance to the Anderson College of Nursing (ACONHP) on the basis of their ability to meet the objectives of the program and to perform required activities.

ACONHP ADA Awareness Statement

In accordance with the American with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973, the ACONHP endorses the university commitment to students with disabilities. ACONHP will provide reasonable accommodations for student with eligible documented learning, physical and/or psychological disabilities.

Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Qualified individuals are those who satisfy admission requirements and who can perform essential functions of a nursing program without reasonable accommodation or modification.

Students must satisfy the Essential Performance Standards of nursing students. A list of these standards is contained in the table below.

To be eligible for program accommodation, students must self-identify to the university’s office of Disability Support Services (DSS), who will determine eligibility for services. Once eligibility for accommodations is determined by DSS, it is the students’ responsibility to request appropriate accommodations. If Essential Performance Standards cannot be achieved by the student, either unassisted or with dependable use of assistive devices, in consultation with the faculty, the dean RESERVES the right to withdraw the student from the nursing program.

Criminal background checks for nursing students were initiated effective fall 2006. They will be done at applicant’s expense and at the site identified on the following page. Failure to complete the background check will facilitate denial of admission to the nursing major. You will be required to submit a criminal background check each time you apply. You can only complete the background check while applications are being accepted. If you are found to have a criminal background, you should know that the following actions could occur (considered on a case-by-case basis):

1. You may be denied admission to the Anderson College of Nursing and Health Professions.

2. If admitted, you may be denied by the clinical agency to complete your clinical component for the nursing courses (no substitute clinical site will be sought). If this occurs, you will be administratively withdrawn from the program and will not be allowed to continue in the nursing program.

3. If admitted and successfully completed the nursing program, you may be denied by the Alabama Board of Nursing (ABN) to take the National Council Licensing Exam (NCLEX) to become a registered nurse. Other state boards of nursing may have a similar review process once licensure applications are submitted, after you complete the nursing program. Each instance is considered on a case-by-case basis prior to the state board issuance of a ruling as to whether or not you will be allowed to sit for the exam. Denial by a state board of nursing will result in your inability to become a registered nurse (RN). Examples of current questions for new RN licensure applicants for you to anticipate answering at the time of your licensure application submission but are not to be answered on this form are as follows:

   ➢ Have you ever been arrested or convicted of a criminal offense other than a minor moving traffic violation?
   ➢ Have you within the last five years abused drugs/alcohol or been treated for dependency to alcohol or illegal chemical substances?
   ➢ Have you ever been arrested or convicted for driving under the influence of drugs/alcohol?
   ➢ Have you within the last five years received inpatient or outpatient treatment or been recommended to seek treatment for mental illness?
   ➢ Have you even had disciplinary action or is action pending against you by any state board of nursing?
   ➢ Have you ever been placed on a state and/or federal abuse registry?
   ➢ Have you even been court-martialed/disciplined or administratively discharge by the military?

4. Health agencies are currently required to perform criminal background checks upon employment. You may be denied access for coursework requirements by the clinical agents for failure to have a current background check.

Statement of Understanding

I understand the above statements and give my permission to perform and release the results of the background/abuse registry check to the Anderson College of Nursing and Health Professions at the University of North Alabama with the understanding that this information will be shared with any or all clinical agencies with which the Anderson College of Nursing and Health Professions is affiliated.
