Resource of the Month

- Student Counseling Services
 - They offer support services for UNA students to help in the development of coping skills to manage problems that may be affecting their health, well-being, and/or academic performance. Counselors are available for assessment of needs/problems, short-term counseling, group presentations, crisis intervention, and facilitation of referrals for students.

SGA Member Spotlight

When I was in high school, I was in numerous student organizations that allowed me to help my community. When I got to college, I felt that I needed to continue being involved in my student community, and so I joined Freshman Forum. I found all that in Freshman Forum and more. I became dedicated to the University and what it stood for. That is why I continued to be an active member of SGA member as historian and senator. The SGA experience has allowed me to grow as an individual and develop skills needed to work on a team.

Micheal Gilliland
