BENEFITS

UNIVERSITY PARTNERSHIPS

Educational Enhancement/Career Advancement

UNA is proud to partner with businesses, health systems, school districts, municipalities, professional associations, and other organizations to offer employees unique opportunities for educational enhancement and career advancement. UNA offers the following benefits to its corporate and community partners:

- Tuition scholarships
- Application fee waiver
- Access to UNA career fairs and graduate recruiting tools
- Access to campus events and career fairs
- Connection to UNA faculty, staff, and student resources
- Enhanced involvement and relationship with the UNA community
- Networking opportunities
- Added value to your current benefits package
- No-cost commitment
- Other benefits customized with your organization's needs

”

I received a holistic business education through UNA's online MBA program, which improved my communication and leadership skills. I chose a UNA online degree because of the flexibility. It allowed me to get a master's degree at my own pace while also working full-time. As a result of completing my UNA degree online, I am better qualified for jobs and have a competitive advantage as my career progresses.

Stephen Mbote

Master of Business Administration '20
Birmingham, Alabama

TRAIN YOUR WORKFORCE

UNA will provide tuition assistance for your employees interested in pursuing a degree offered at any UNA teaching location or online. The flexibility of programs will allow your employees to further their education without halting their career. UNA also provides access to campus events and a connection to faculty expertise.

RECRUIT TALENT

A partnership with UNA will provide you with Career Services resources to lead you to the perfect candidate. Partners receive access to student resumes and profiles, preferred placement at campus career fairs, and the ability to promote your internships and job opportunities to UNA students and recent grads.

”

I have spent my professional career as a law enforcement officer and wanted to advance my education. I chose a UNA online degree because it gave me the flexibility to work a full-time job while pursuing my goal of a master's degree. UNA's program has given me the ability to reach new levels within my professional career and the personal satisfaction of reaching new goals. A person's professional career should be focused on accomplishing goals, and UNA's online graduate program has enabled me to meet the goals I have set for myself.

ENGAGE WITH YOUR COMMUNITY

A partnership with UNA connects you not only to the diverse UNA campuses but also to the hundreds of other organizations that have chosen to partner with UNA. Your collaboration will open a door to a world of opportunity to expand your expertise and brand profile.

ADD VALUE TO YOUR ORGANIZATION'S BENEFITS

Providing your employees with access to UNA's many resources will add to your list of benefits. A partnership with UNA can help your employees overcome the challenges of furthering education as a working student. UNA partnerships promote professional development and growth within your organization, which can also lead to a high employee retention rate. At no cost, it's an ideal benefit!

”

What I love most about UNA is that I am not just a number. The teachers truly care and get to know their students. UNA and the faculty feel like home. I have received the education one would get from a large college but with a hometown price and atmosphere.
